

Dreieich, Germany, May 9<sup>th</sup>, 2007

Dear Round Solutions Partner,

As many of you know, Infineon chipsets are used in the Telit GSM modules. The Infineon E-Gold V3.1 Chipset will be phased out. Orders for End of Life part numbers will be accepted until June 30<sup>th</sup> 2007. Last shipment for EoL Part Numbers will be September 30<sup>th</sup> 2007.

The affected part numbers are:

GM862-QUAD, GM862-QUAD-PY, GE863-QUAD, GE863-PY

The new Chipset is called E-Gold Lite and the part numbers are:

GM862-QUAD-PLUS, GM862-QUAD-PY-PLUS, GE863-QUAD-PLUS  
GE863-PY-PLUS

Following the backward compatibility policy we do not expect any issues. However we strongly recommend to order samples of the GSM modules ASAP in order to ensure a smooth transition.

If not already done, please register at the worlds biggest GSM/GPS technical forum [www.roundsolutions.com/forum](http://www.roundsolutions.com/forum) and read the threads about advantages and benefits of the E-Gold Lite Chipset.
